

Coin Counting Machine Heavy Duty CS2000

Professional
Counterfeit
Detector

Technical Specification:
CE approved

Specification

Model	CS2000
Hopper capacity	4,000 coins
Display	6 digits LED
Counting speed	<2300 coins per min
Countable coin size	0.7-3.9 mm
Diameter	14-34 mm
Operating modes	Count, Add & Batch
Applicable Coins	1¢, 5¢, 10¢, 20¢, 50¢, \$1
Sorting	No
Batching	Yes
Total value	Yes
Total amount	Yes
Error	Batch
Product size(LxWxH)mm:	362x270x235
Net Weight (Kg):	12kg
Power Consumption	70W(Operation)
Power Supply	AC 99V~121V, 60HZ AC 198V~242V, 50HZ
Waranty	1 year
Made from	UK

Operation Panel

External Display

Optional part, widely used in bank, casino...

Cotton Bag

Optional part for collecting the counted coins and rejected coins

Hopper

The extended hopper is included as standard auxiliary part, increase the hopper capacity up to 9,000 coins (15mm diameter and 1mm thickness)

Coin Tube Set

Optional coin tube set provide a convenient & economic solution for packing the coins into paper roller

1. Drop the coin interior tube down into the tube holder.
