

3in1 Laminator Style 260C

Laminate/Trim/Corner Cutter

A4 size

Features:

3 in 1 function with hot & cold lamination and trim features laminator.

Changing the cutting head

When the blades in the cutting head are damaged or worn, the cutting head must be replaced.

Note: Only the entire cutting head can be replaced.

Performance

Trimmer:

The trimmer can be used to cut paper, card, photo paper and lamination foil.

Selecting the type of cut
The trimmer is equipped to complete three types of cut:

- Straight Cut
- Wave Cut
- Perforation Cut

Trimmer

Features	Reel trimmers with 3 selectable types of cut and setting lock. Visual positioning aids in cm (lines, angles, scale)
Type of cut	Straight Cut Wave Cut Perforation Cut
Size	A4
Cutting Capacity	
Straight:	3 sheets of paper, (80 g/m ²)
Wave:	3 sheets of paper, (80 g/m ²)
Perforation:	3 sheets of paper, (80 g/m ²)

Tips:

- Always insert pouch with the close gap area to the laminator
- Don't laminate with an empty pouch, always put item in a pouch.
- To double protection your pouch while laminate, use paper to cover both side of the pouch.
- Do a test run before laminating valuable items
- Trim extra area after laminating and cooling.

Specification
